

TwoView 2™ 17.3 WITH MIL KEYBOARD

Rack Drawer Dual Flip-up LCD Monitors with Military-grade Backlit Keyboard and Trackball

The rugged **TwoView 2** provides an operator with the maximum amount of visual information while occupying minimal rack space (2U height).

The dual flip-up displays operate on separate video inputs, including HDMI, VGA, DVI-D and DisplayPort.

The secondary 17.3" monitor extends to the left and can be positioned to suit the operator.

The mil-grade, backlit keyboard includes a trackball and 3 mouse buttons.

The secondary display on the TwoView 2 can be factory-configured to extend to the left or the right.
