

TWOVIEW 2 VERTICAL™ SERIES

Rack Drawer Dual Vertical Flip-up LCD Monitors with Keyboard and Trackball

The **TwoView 2 Vertical** is designed to provide its operator the maximum amount of visual information with the smallest horizontal footprint.

The vibrant, high performance displays can be positioned at a variety of angles to minimize operator strain.

The 2U high all-metal enclosure is designed and built to provide years of reliable service.

FEATURES

- » Two high resolution LCDs (17.3" or 19.0") provide twice the data content as a standard single rack mount display device
- » Many commercial-grade keyboards with pointing device available
- » Low profile 2U (3.50") rack height when stowed
- » VGA, DVI-D, HDMI, DisplayPort video inputs
- » Locking HDMI connectors
- » 80–264 Vac input power supply
- » Easy access dual OSD keypads on keyboard tray
- » Solid-bearing locking slides for direct mount to EIA-310 RETMA 19" racks
- » Rugged construction with durable finish designed to be industrial compliant
- » Designed, manufactured and serviced in the USA

The rear connector panel on the TwoView 2 Vertical includes separate video inputs for each display.

OPTIONS

- » Keyboard/trackball options: environmental sealing, colored keycaps and backlights, custom firmware
- » Compliance with radiated and conducted EMI requirements (e.g., MIL-STD-461, TEMPEST)
- » Sunlight readable and MIL-STD-3009 NVIS-compatible display backlights
- » Power supplies, DC-DC converters
- » Additional display sizes available
- » Extended warranties
